Lt. Col. J. J. Greger
Public Relations Officer
Air Force Flight Test Center
Edwards Air Force Base, Calif.

Dear Colonel Greger:

I wish to express to you my sincere appreciation for making the necessary arrangements for members of my staff to see first-hand many of the missile associated facilities within the Air Force Flight Test Center at Edwards Air Force Base. We feel that this type of experience is most helpful in giving our men the "feel" for detecting and identifying similar external configurations in other parts of the world.

My men have reported that they were most cordially received and that their time was very well scheduled and most profitably utilized.

Especial thanks should be given to Lt. Proctor for her aid to our men, and to Mr. Sterling who most graciously spent the day guiding the men through the 6593rd test area.

Thank you again for your most generous cooperation.

Sincerely,

Arthur C. Lundahl
Director
